Cindy's TrendTracker: Time Traveler

Armenta's "Sueno" 18-karat yellow gold lacy linked artifact cuff bracelet features scattered white diamonds and white sapphires. It was molded from a Viking bracelet found between the 9th and 10th century in Europe (\$3,490) armentacollection.com

Cindy Edelstein, an expert in designer jewelry, writes the Trend Tracker report for the National Jeweler. Her most recent trend featured "Time Traveler", mixing vintage with new in designer jewelry. Armenta travels through time with the artifact sub collection, ancient pieces found from archeological digs in Europe dating back to the 9th century have been made into molds to form bracelets, earrings and necklaces.
